

**CHAIR OF ENERGY SUSTAINABILITY (CES) OF THE UNIVERSITY OF BARCELONA  
(FUNSEAM – IEB&UB)**

**INTERNATIONAL ACADEMIC SYMPOSIUM**

**ENERGY MARKETS AND SUSTAINABILITY**

**Location: Barcelona Scientific Park. Baldori Reixac 4-8. Auditorium.**

**Date: February 03, 2015**

***PRELIMINARY PROGRAM***

**PRESENTATION**

The **Symposium on Energy Markets and Sustainability** will bring together high ranking researchers in the field of energy economics. The meeting will examine various questions related to the energy markets (gas and electricity markets, adjustment markets, and markets design), the infrastructure (auction designs for smart grids, electricity transmission networks, and gas interconnection), and the policies for sustainability (renewables promotion, greenhouse gas emissions, and energy efficiency)

The meeting, to be held in Barcelona on 03 February 2015, forms part of the activities organised by the UB-IEB Chair in Energy Sustainability, sponsored by the Foundation for Energy and Environmental Sustainability (FUNSEAM). The group hopes that the symposium will help disseminate the work of leading researchers in the field of energy economics, with a particular emphasis on markets and sustainability.

As the program shows, the high quality of the speakers and the invited specialists augurs well for the success of the meeting.

We look forward to seeing you in Barcelona.
