## Introduction

The Spanish Association for Energy Economics (AEEE) announces its X Conference, which will be held in Santa Cruz de Tenerife, Canary Islands, from 5 to February 6, 2015, in cooperation with the Faculty of Economics, Business and Tourism of the University of La Laguna.

The AEEE is the Spanish section of the International Association for Energy Economics (IAEE), and, among other activities, it promotes the organization of an annual conference about Energy Economics. In this tenth edition, the AEEE conference addresses the nexus between Energy and Water. Thus, we pick up the witness of significant events in 2014 such as the World Water Week (Stockholm) and the report "The Water-Energy Nexus: challenges and opportunities" developed by the U.S. Energy Department.

The AEEE conference strengthens ties with universities, regulators and business. To this extent, and complementing the academic sessions (subject to call for papers and with specific discussants assigned), we have scheduled four invited academic sessions and a round table with participation of researchers, business representatives and regulators.

# Paper submission

We invite all researchers to send their theoretical and empirical papers, before November 30, 2014, (extended deadline: December 15, 2014) for their presentation at the Parallel sessions at the conference. Papers can be submitted in English or Spanish. They should be sent as a single PDF file with a maximum size of 2MB, to the following e-mail address: **aeee@aeee.es**. The following information should be included: Name of authors, Affiliation, and email addresses of the author and co-authors; Title of the paper, Abstract (no more than 100 words); JEL codes; and a maximum of 5 keywords. Papers will be subject to an evaluation by the scientific committee.

### Scholarships

The AEEE provides five travel and accommodation grants of 250 euros each for two postgraduate full-time students participating in the conference. Any interested student should send by e-mail ([aeee@aeee.es](mailto:aeee@aeee.es)) before the 15th of January, 2015 its application, explaining her studies, relation with the Energy Economics field and motivation for attending the Conference. Additional documents (CV, recommendation letter...) will also be examined. The Organizing Committee will be responsible for the decision (including leaving one or both grants unawarded). Payments will be done after the Conference, against documents that prove travel and/or accommodation cost and the condition of full-time postgraduate student.

Academic award:

## Young AEEE Researcher 2015

A prize will be awarded to the best paper by a young researcher (under 35 years old) in the parallel sessions. Applicants for this distinction must state explicitly that they intend to opt for this award. Being the only author of the paper will be considered in a positive way. In other case, she will be the corresponding author and the one presenting the paper. The Scientific Committee will be responsible for the decision (including leaving the prize unawarded). The winner will receive a certificate, a gift and the refund of the registration fee.
